IMPORTANT SERVICE UPDATE: Contributing Employers

March 25, 2020

The LiUNA Pension Fund of Central and Eastern Canada is dedicated to the safety and welfare of its members and staff. The Fund is taking all necessary precautions during these challenging times, to ensure against the spread of the Coronavirus.

In the best interest of our members and staff, **we have closed our Oakville Office and Satellite Offices to the public until further notice.**

Our goal is to continue to remain fully operational and provide outstanding service to our membership and employers. For your convenience, the LPF offers an online remittance portal, **AccessLPF** which is available through our website www.lpfcec.org.

We have partnered with TD Commercial Banking to ensure the highest level of online security. **Online users can submit employee work hours and contribution payment(s) can be processed online or by mail.** In addition, you can review previous remittances, access your applicable collective bargaining agreements, and much more.

We are pleased to continue to service your pension needs via telephone or email. If you have not yet already been set up on-line, please contact our office for your User ID and temporary password.

Your patience and understanding are greatly appreciated. Be safe, stay well.
